

Live Home Learning Consent

Parental consent to allow live interactive learning at home

Cidari | All Academies | Public

Version 1.0 Published 15th January 2021

Introduction

Through our Academies, Cidari Multi Academy Trust has developed a remote learning programme to enable children to engage with the school routine if they cannot be in the school building. This has been carefully developed to encompass all areas of curriculum and to meet the national guidelines for remote learning set out by the Government.

In some circumstances remote learning can include live lessons, meaning that children can have real time contact with school staff both in the delivery and also to support their remote learning needs in general.

If you provide consent you will be agreeing to your child communicating with school using a device such as a laptop, computer or tablet to video chat at agreed times from your home. All communications take place through approved Trust systems and are fully compliant with GDPR and safeguarding requirements.

The Trust has in place a remote learning policy. A copy of which is available on the Academy website or by request. Appendix 1 of this policy sets out the specific arrangements and expectations for your academy.

Please provide consent by completing this form.
